

Job Description

Labourer

POSITION SYNOPSIS AND PURPOSE

(A position overview and how it aligns with corporate strategies)

Reporting to the Capital Works Supervisor, the Labourer is responsible for safely and effectively operating equipment or tools, especially manual labour as directed. This position will work jointly with division employees to execute work plans for the installation, operation and maintenance of municipal infrastructure such as water, sewers, transportation or trail systems.

Labourer includes operating light vehicles (<4500kg GVWR), chainsaws, cutoff saws or similar portable tools as well as plate tampers, line painting equipment, etc.

MAJOR RESPONSIBILITIES

(Position activities and allocation of time spent doing each activity)

Description	Approximate Time Spent (%)
Manual Labour - Operating tampers, saws or other hydro-carbon or electric-powered tools and equipment - Utilizing shovels, rakes, picks, bars or other hand-held implements - Working from a ladder and complex spaces	90%
Other - Completing hazard assessments with work groups - Providing work records or completing equipment inspection as required	10%

***Note:** All activities are expected to be performed in a safe manner, in accordance with the *Occupational Health and Safety Act* and its Regulations, along with Corporate Safety policies, procedures and programs. In addition, all necessary personal protective equipment must be used and maintained in good condition.

MINIMUM QUALIFICATIONS

(Must Have)

Education (degree/diploma/certifications):

- High-school diploma or equivalent
- Class 5 NS Drivers License with Condition 15 endorsement
- Additional compulsory training will be required and provided by the employer

Experience:

- 3 years experience in general construction or other relevant maintenance field
- Work in a municipal environment as an asset

Knowledge/Skill/Ability:

- Able to work independently or in a group environment to accomplish time-sensitive critical tasks in a demanding environment
- Able to safely, efficiently and satisfactorily operate specialized tools and equipment
- Experience in civil construction such as road, water and wastewater
- Experience in snow and ice control (eg: plowing, sanding, salting, or shovelling)
