

Sidanna Retreat: Tiny Oceanfront Retreat

Listing URL: <https://www.regionofqueens.com/master-directory/accommodations/sidanna-retreat-tiny-oceanfront-retreat>

Bright, breezy, oceanfront petite luxury retreat with gorgeous ocean views has everything you need in a coastal beachy accommodation. This tiny is handcrafted and built by a local artisan . Spectacular ocean views with waves crashing at the white beach rocks. An ideal vacation spot for a romantic getaway or with family of four, Close to all the white sandy beaches in the south shore of Nova Scotia . Large 60x14 foot deck with a 8 foot shared-hot tub with expansive ocean ☐☐ views .

The artisanal hand crafted space has one bedroom with a queen bed kitchenette with live edge solid wood countertops and a full shower and bathroom.

The living room is exquisite with a electric fireplace and sofa bed that sleeps two comfortably. A spacious deck with an outdoor shower , barbecue, hot tub , fire pit and priceless ocean views.

Our cleaners painstakingly wipe down all surfaces and high touch areas with a diluted bleach solution and all bedding is washed at the highest temperature to ensure the house is properly disinfected between guest visits.

The space has an outdoor deck, outdoor shower, shared large hot tub and fire pit .

Please note that this hot tub is only shared with designer oceanfront villa . Nobody else can access this hot tub .

If you have never experienced a tiny luxury, this is the best way to try it .

Please note that this property is adjacent to the Designer oceanfront villa and has a large shared hot tub .

This is a tiny oceanfront Retreat . It's a tiny space with luxurious amenities. Please keep in mind that it is small but has a huge outdoor space with your own patio furniture and a shared large size hot tub and a shared outdoor fire pit with the cottage next door .

Septic tank and Alarm

Please be conscious of water usage .

We run this cottage with a 1100 gallon holding tank . This fills up really fast .

As soon as it fills up , you will hear an alarm sound. Please don't panic:) just go to the alarm and switch the black button off on the alarm . Please let the host know . The host will get the tank pumped out the next day .

Please use water sparingly till it is pumped out :) apologies for the inconvenience .
