Visit The Hollow Log Cafe in Caledonia. Sit inside or outside on the patio. Some of the cafe favourites include the lumberjack burger, the Philly cheese steak sub and the roast turkey dinner. There's also breakfast and lighter fare such as salads and soups. Don't forget to save room for dessert. There are homemade pies and cakes, and lots of other goodies. If you finish your meal, enjoy some time outside. There's a space for children to play, and there's even a spot for dogs to enjoy.
