

# Kejimikujik National Park & National Historic Site

Listing URL: <https://www.regionofqueens.com/master-directory/parks-trails/kejimikujik-national-park-national-historic-site>

This is the only Parks Canada site that is designated a National Park and National Historic Site.

Visit Kejimikujik National Park and National Historic Site and camp at wooded camp sites or remote wilderness sites. If a day trip is what you've planned, park your car and walk one of the many trails. If cycling is your preference, the opportunity to experience the trails that way is also an option. Take a swim in Kejimikujik Lake or paddle the gentle interconnected waterways and listen to the loons.
