

SURVEY TECHNICIAN - ENGINEERING AND PUBLIC WORKS

Region of Queens Municipality's Engineering & Public Works Department is currently seeking applications from a highly-organized, detail-oriented and dynamic individual interested in joining our team in the position of **Survey Technician**.

The position of Survey Technician is a hands-on position involving the management of supervision of assigned Engineering and Public Works Department staff. The Survey Technician is accountable to the Director of Engineering and Public Works. A complete job description can be obtained by contacting the undersigned.

The Ideal Candidate will:

- Be a graduate of a recognized post-secondary institution and hold a certificate in Geomatics Engineering Technology or similar training.
- A strong understanding of Microsoft Office programs, AutoCAD/Civil3D, ArcGIS and have three to five years related experience.
- An understanding of municipal processes and civil construction is considered an asset.

With a strong focus on work-life balance, Region of Queens Municipality offers a competitive benefits package, Registered Pension Plan, diverse career opportunities, modern facilities, and an innovative, continuous improvement culture.

The salary range for this position is \$70,681.34 – \$85,913.70, determined by education, certification, and experience. We thank all applicants for their interest; however, only those selected for an interview will be contacted. You may submit a detailed cover letter and resume to:
