

Mayor Pam Mood, President
Nova Scotia Federation of Municipalities
Suite 1304, 1809 Barrington Street
Halifax, NS B3J 3K8

January 31, 2025

Dear Mayor Mood,

The Council of the Region of Queens Municipality (RQM) acknowledges that municipalities play a pivotal role in addressing climate change. Considering the Nova Scotia Federation of Municipalities (NSFM) Board of Directors accepted coastal protection as an advocacy priority and fully support the continued monitoring of municipal progress with adaptation efforts through the Climate Change Committee, I am writing to offer RQM's support for this work.

The Council of the Region of Queens Municipality knows first-hand the negative impact of climate change, coastal erosion, storm surge, wildfires, and flooding. The loss of our current and potential economic and social value from climate change is concerning not only for this generation, but for future generations not yet born.

This letter of support serves as notice from the Council of the Region of Queens Municipality for NSFM's advocacy work to address coastal protection across Nova Scotia and advance sustainability and resiliency from the threat of climate change.

Yours faithfully,

Scott Christian, Mayor

Region of Queens Municipality
