

## **POOL COMMITTEE**

Thursday, December 19, 2024

Recorded by: Councillor Amirault.

## **MEETING MINUTES**

Meeting called to order at 4:43 p.m.

There was one addition to the agenda: An update on training of lifeguards with LCLC.

The Acknowledgment of the Land Treaty was read.

### **Discussion**

There were no minutes from last meeting to approve, so the committee moved onto discussion of training and recruitment of lifeguards for summer 2025. The committee agreed that the goal is to start training in Fall 2025 by targeting ages of 15 and 16 year old youths.

### **Pool Construction Project**

The committee then discussed what is and what is not included in the pool design so fundraising can begin for extras and final clarification of the pool design.

The Pool Committee will send list to Deborah to forward to Pam of extras they think will be needed. Pam will discuss with staff and give an update at the next Pool Committee meeting.

## **NEXT MEETING**

Next meeting is scheduled for January 8, 12:30 pm in council chambers.

Adjourned 5:39 pm.
