

Job Description

Lifeguard

POSITION SYNOPSIS AND PURPOSE

(A position overview and how it aligns with corporate strategies)

Aquatic staff are expected to deliver high levels of customer service to the users and participants. The Lifeguard's most important functions include; responsibility for patron safety through prevention focused supervision and education, and responding to injuries, incidents and emergencies through timely response. In an instructor capacity, aquatic staff are expected to provide a high-quality, safe, learning environment where participants can have fun, develop their skills and foster a lifelong love of swimming and the water.

As a Lifeguard, you will contribute to the development of our aquatics programming by acting as an ambassador to the community and our patrons. By providing users and community members with vital water safety knowledge and building relationships with patrons of all ages, you ensure they can use and enjoy the facility in a safety conscious environment. Region of Queens Municipality is committed to creating a safe, educational and fun space for all patrons and staff, and a standard of excellence in our programs, products and services.
