

Winter Maintenance - Streets & Sidewalks

Did you know?

- Region of Queens Municipality is responsible for winter maintenance of:
 - Liverpool - Streets and Sidewalks
 - Milton - Sidewalks
 - Caledonia - Sidewalks
- Nova Scotia Public Works is responsible for public roads located outside of Liverpool (for more information visit <http://novascotia.ca/tran/winter>)

What is winter maintenance?

Winter maintenance includes snow removal, anti-icing, and de-icing work that is carried out by Region of Queens Municipality's Department of Infrastructure staff before, during, and after a winter storm. By policy of Council, crews prioritize providing safe routes for emergency vehicles and first responders, balanced with cleaning arterial, collector, and local streets and sidewalks. Staying informed about winter service levels helps everyone stay prepared, safe, and realistic about travel during the winter season.

Service Area

During Storm

Time to Bare Surface (from end of storm)

Arterial Streets & Sidewalks

Heavily travelled roads to move between frequently accessed areas and the highway

Examples: Main St., School St., Bristol Ave., Waterloo St., Henry Hensley Dr., White Point Rd.

Both street lanes & sidewalk maintained but may be snow covered

12 hours

Collector Streets & Sidewalks

Roads that connect to arterial roads to move traffic around the community

Examples: Union St., Old Port Mouton Rd., Payzant St., Church St.

Single street lane plowed. Street and sidewalk may be snow packed

48 hours

Local Streets & Sidewalks

Less-travelled roads that prioritize traffic to residential areas

Examples: Mersey Ave., James St., King St., Zwicker Ave., Birch Ave.

Generally snow packed.

48 hours
Some bare asphalt showing

Did you know?

- Region of Queens Municipality is responsible for winter maintenance of the surfaces at Queens Place Emera Centre, including sidewalks, entrances, and parking spaces. See below to learn more about Priority Parking Areas and how you can help our snow-clearing crews work more efficiently.

What is winter maintenance?

Winter maintenance includes snow removal, anti-icing, and de-icing work that is carried out by Region of Queens Municipality Department of Infrastructure staff before, during, and after a winter storm. By policy of Council, crews prioritize providing safe routes for emergency vehicles and first responders, balanced with cleaning arterial, collector, local streets and sidewalks, and municipally managed parking areas.

Ensuring that you park in the designated Priority Parking Areas at Queens Place Emera Centre gives our winter maintenance crews more room to operate safely and efficiently when clearing after a storm.

What to expect at Queens Place during and after a storm

DURING THE STORM

Priority Parking Areas and the driving area near Queens Place (marked in blue on the map to the right) to be plowed, and entrances and exits to be maintained so the public can use the facility. Surfaces will be snow-covered.

AFTER THE STORM ENDS

6 HOURS - Priority Parking Areas are serviced, with some bare asphalt showing. All entrances and sidewalks cleared with some bare surfacing.

12 HOURS - Entire parking lot is serviced, with some bare asphalt showing. All entrances and sidewalks cleared with some bare surfacing.
